Am I ready for my Personal LifePlan™ ?

LifePlan™ Readiness Assessment

This assessment will take but a few minutes of your time, and we believe it to be a good indicator of whether investment in a personal LifePlan™ would be timely and wise at this point in life. Enter a Yes or No answer for the questions 1 - 21, and briefly respond to the last three. Then complete the information at the bottom and either save or print the results. If you are using Acrobat Reader X! you can save your input, if you are using an earlier version it will not save your input.

Send the answers to us via email and we'll respond within 24 hours whether we believe a LifePlan™ is right for you at this time in your life or not. This assessment is in no way binding on you or us and is not used to sell you on any of our services, but is designed to give you feedback on whether we believe LifePlan™ is an option for you at this time in your life. We'll tell you in one email what we think, and that's it, unless you choose to carry a discussion further.
